I am a proficient, experienced Quality Inspector looking to become employed at an established company that values a continuing drive for advancement through hard work, commitment, and dedication.

## EXPERIENCE

1/19 – 6/21

**QUALITY INSPECTOR**, VENTEC LIFE SYSTEMS

- Performed dimensional and visual inspections of various precision mechanical and electronic parts, sub-assembly, and product acceptance activities on production line.
- Generated and maintained inspection documents and files. Documented inspection results including resolution and discrepancies.
- Assisted Engineers in identifying and troubleshooting discrepant material.
- Utilization of appropriate measurement tools for tasks assigned. Including height gauge, calipers, microscope, gauge blocks, optical comparator, CMM, and other measuring tools.

9/17 – 1/19

**QUALITY INSPECTOR**, JEMCO INC

- Performed dimensional inspection, First Article inspection, and In-Process buy-offs for manufacturing aerospace, medical, and commercial products.
- Calibrated rock inspection, height gauges, radius gauges, protractors, bore gauges, dial indicators, calipers, etc.

6/15 – 8/17

**QUALITY TECHNICIAN LEAD**, SYNRAD INC

- Utilized various inspection equipment including surface plates, micrometers, height gauges, radius gauges, protractors, bore gauges, dial indicators, calipers, comparator.
- Proficient in Technical Specifications /GD&T.
- Assisted with NCR reporting, tracking, data collection for production risk and yield improvements.
- Lead quality team in daily inspection to support production build plans.

1/13– 6/15

**QUALITY INSPECTOR**, AVETECH/TYEE

- Extensive use of common inspection measuring equipment including, but not limited to, micrometers, height gauges, radius gauges, protractors, bore gauges, dial indicators, calipers, comparator, Sunnen gages, calibrated rock inspection, thread wires & gages in manufacturing environment.
- Reading of blueprints & work orders. Used Agile and Avante to process finished orders & rework/rejections.

## EDUCATION

1990 -1994

GARFIELD HIGH SCHOOL

## SKILLS

- Experience with flow, procedures, data analysis and issue resolution
- Experience with enhancement of process flow, productivity, production capacity, and product quality improvement
- Quick learner with a high degree of technical acumen in learning new tools, skills, and technologies
- Excellent written & oral communication skills developed over multiple positions
- Proficient w/ Microsoft Word, Excel, PowerPoint, and Outlook
